Art Unit: 3637

Election/Restrictions

1. Applicant's election without traverse of claims 1-13, 23-26 in the reply filed on 3/30/06 is acknowledged.

Claim Rejections - 35 USC § 112

- 1. The following is a quotation of the second paragraph of 35 U.S.C. 112:
 - The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 2. Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 10 recites the limitation "the support bracket" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 1-13, 23-26 are rejected under 35 U.S.C. 102(b) as being anticipated by Capoccia (3238679).

Capoccia shows an impact resistant window assembly comprising a double hung window including a window sash (15) movably disposed within a window jamb assembly, the window

Art Unit: 3637

sash having an exterior portion and an interior portion, a bracket assembly (32) including a bracket portion having at least a first portion and a second position, the assembly being disposed within the jamb assembly when the bracket portion is disposed in the first position, the portion disposed over a portion of the interior of the sash when the portion is in the second position, the portion being slidable from the first position to the second position, the assembly being substantially concealed in the jamb assembly when the bracket is disposed in the first position. the portion including a stop (34) which prevent overextension of the portion, the sash including a rail and stile, the portion is disposed over a portion of the rail and stile when the portion is in the second position, the assembly further includes a filler (20) disposed within the window assembly, one or more fasteners securing the assembly to an outer frame, the fasteners (31) are concealed from view (by part 13), the bracket assembly including a filler (20) and a movable bracket portion (32), the assembly providing reinforcing to the interior of the sash, the bracket assembly including a base plate, the movable bracket portion is disposed between the filler and the support bracket, the filer including interlock features, the features coupling the support plate and the movable bracket portion, the filler having an outer appearance similar to the jamb liner, the bracket assembly being disposed within the jamb liner.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art shows different window bracket device.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phi D A whose telephone number is 571-272-6864. The examiner can normally be reached on Monday-Thursday.

Art Unit: 3637

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lanna Mai can be reached on 571-272-6867. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
